AS WE GATHER:

The second Sunday in May is set aside as a day to honor one of God's greatest gifts to humankind, Mothers. Mother's Day was first celebrated at a service in Philadelphia in 1907. The day was the idea of Anna Jarvis, a schoolteacher in Philadelphia. This is certainly not a religious holiday, but it is a day that draws our attention to one of God's greatest blessings. It is good that we remember the influence our mothers had as we were growing up. To those mothers who are raising young children, you need to be aware of the wonderful blessing and awesome responsibility the Lord has given you. That small life is a being for eternity, and you will help to form the ideas and values that will see them through this life and into the next. Hopefully, we honor our mothers every day. Happy Mother's Day and thank God for Mothers!
